flowering trees

Special Offering of QUEEN'S CRAPEMYRTLE TREES

TREE CRAPEMYRTLES. Finest of our summer-blooming trees. (Don't confuse with bush Crapemyrtle). Offered here in several species. Some of these available in much larger sizes.
QUEEN'S CRAPEMYRTLE (*Lagerstroemia speciosa*). Famed Indian tree bearing magnificent mauve or pink flower spikes in July. D * WR 8-12" \$1 15-24" \$2
HAIRY CRAPEMYRTLE (*L. hirsuta*). New introduction in U.S. Showy mauve flowers. 12-15" \$3
THORELL'S CRAPEMYRTLE (*L. thorelli*). Another rare species with pretty flower masses. 12" \$3
LATE CRAPEMYRTLE (*L. turbinata*). Many mauve flowers above foliage in Sept.-Oct. 12" \$3

SEEDS OF TROPICAL TREES. 3 packets \$1—17 for \$5. (Allow substitutions)

ELAEIS GUINEENSIS. African oil palm from which soap is made. Large spreading ornamental.
VITEX PARVIFLORA. Philippine timber tree, tiny blue fls. Appears to be wind-resistant shade.
ONCOBA SPINOSA. Thorny Arabian tree with lovely white flowers like single roses. Semi-decid.
HONCKENYA FICIFOLIA. African shrub bearing purple, orchid-like fls in fall and winter.
BUTEA SUPERBA. Magnificent red-flowered vine from India, similar to tree but blossoms larger.
THEVETIA NEREIFOLIA. Yellow oleander or "Be Still Tree" with tubular orange fls, narrow lvs.
PLEIOGYNIUM SOLANDRI. "Burdekin plum." Evg wind-resistant Australian shade tree to 60'.
MELALEUCA GENISTIFOLIA. Red-flowered relative of our common Punk tree, thrives central Fla.
GMELENA ASIATICA. Scrambling shrub, bougainvillea-like growth, small yellow-cup-shaped fls.
CAESALPINIA MEXICANA. Yellow-flowered tree with feathery foliage, resembles dwarf poinciana.
ERYTHRINA INDICA. Large Indian tree of pea family with very showy red flowers in Spring.
ERYTHRINA INDICA var. ALBA. White-flowered form of this beautiful tree. Very rare in U.S.
MIMUSOPS ELENGI. 30-ft evergreen spreading shade tree from East Indies, good ornamental.
ALBIZZIA AMARA. Moderate-sized, deciduous tree from India with pinkish white fls. Feather lvs.
WEBERA CORYMBOSA. Large evg. shrub of Ixora family with shining dark green lvs, white fls.
EUCALYPTUS PALLIDIFOLIA. Small tree with ashy, smooth bark; narrow 3-inch pale green thick lvs.
CASSIA FISTULA. "Goldenshower". Small decid. tree with copious yellow flowers in summer.
CASSIA AURICULATA. Beautiful Indian shrub with clusters of large bright yellow fls. Rare.
DAUBENTONIA PUNICEA. Half hardy South Amer. shrub to 10-ft with pea-like fls all summer.
THESPESIA POPULNEA. Seaside Mahoe or Portia tree. Evg. Yellow flowers all year fade purple.
LUEHEA DIVARICATA. South Amer. half hardy shade tree with small white fls. Ornamental.
JATROPHA PODAGRICA. South Amer. thick-trunked small tree with clusters of bright red fls.
CALLIANDRA SURINAMENSIS. Small evg tree bearing copious pink-and-white powder-puff flowers.
TIPUANA TIPU. Half-hardy Algerian yellow-fl'd tree, showy, widely planted along highways.
BAUHINIA VARIEGATA. Common "mountain ebony" or orchid tree; purple-red-white fls in spring.
MORINGA OLEIFERA. African "horseradish tree" bearing white fls every month in the year.
PELTOPHORUM INERME. Large, yellow-fl'd shade tree from Philippines, blooms all summer.
DELONIX REGIA. Famed "royal poinciana" which bears its quantities of red flowers in June.
CAESALPINIA PULCHERRIMA. Red-and-yellow-flowered "dwarf poinciana" of our Florida gardens.
MURRAYA EXOTICA. Citrus relative with evg bushy foliage, frag white fls, tiny red fruits.
ACACIA CATECHU. Indian tree with bipinnate lvs and yellow fls in 5-inch spikes.

AVOCADOES I have a few 2-year grafted plants of winter-bearing trees, big enough to set in your yard and expect fruit within two years if generously fed. Five kinds—Lula, Waldin, Booth 3, Booth 7, Booth 8—are available. These are thrifty 3-ft trees in 5-gal cans. \$4 each or 5 kinds for \$17.50.

OTHER TREES I have 500 other flowering tropical trees not listed on this circular. If you have a want list, send it; perhaps I can help you fill your needs. Many other of my trees, raised from seed, are still too small to sell.

ALUMINUM LABELS Mark all your plants with aluminum labels like the enclosed sample. I carry these in stock for the convenience of Florida growers. The prices are as follows: 100—\$2 500—\$8 1M—\$13 postpaid.

MY CATALOG Although my 1947 catalog supply is nearly exhausted, I have a few copies still available at \$1 each. It contains good descriptions of more than 200 flowering tropical trees which are not readily looked-up elsewhere.

AM GOING AWAY Anyone interested in visiting my garden or buying trees from me must act promptly. I will continue to hold open house Saturday and Sunday afternoons through February, March and April. But I AM LEAVING HERE MAY 1 to be gone at least six months. There will be nobody available to sell trees through the summer, so BUY NOW.

DOLLAR BARGAINS. \$1 each—11 for \$10—23 for \$20

STAHL'S EUGENIA (*E. stahli*). Small Puerto Rican tree with clustered small white fls. E WR SR 15"
 JACQUINIA (*J. sp.*). Small, slow-growing, West Indian, white-fld. seaside tree. E SR WR 8-15"
 PURPLE BAUHINIA (*B. purpurea*). One of best with dark red-purple fls in December. * SD 15-18"
 MOUNTAINEBONY BAUHINIA (*B. variegata*). Mixed purple-red-white flowers in Spring. * E H 15-18"
 ENTADA (*E. abyssinica*). Handsome African tree to 30' with 6" white fl. spikes. D.W 36"
 YELLOW OLEANDER (*Thevetia nereifolia*). Small yard tree valued for pretty orange fls. E 15-24"
 YELLOW ELDER (*Stenolobium stans*). Fla native sh or small tree, copious yellow fls. E WR 2-3"
 PARKIA (*P. roxburghi*). Red-fld. slender, handsome African tree with fine-cut foliage. E 6-10"
 RED CALLIANDRA (*C. haematocephala*). Sh or small tree, brilliant red powder-puff fls. E * 12-18"
 MURRAYA (*M. paniculata*). Sh or small tree of citrus family, copious small frag white fls. E 18"
 ROYAL POINCIANA (*Delonix regia*). Magnificent Madagascar tree, red fls in May-June. SD SR * 36"
 GOLDENRAINTREE (*Koelreuteria formosa*). Nov. blooming Japanese ornamental, very pretty. SD H 36"
 MEMECYLON (*M. coeruleum*). Seashore sh or small tree, clustered small pink & deep blu fls. E SR 8"
 CAPE DOMBEYA (*D. dregeana*). Cape of Good Hope small tree, with copious pendent white fls. E 24"
 NETTLESPURGE (*Jatropha podagrica*). Mexican small tree, bright red fls, handsome foliage. SD 6"
 DILLENIA (*D. indica*). Small tree with pretty white magnolia-like fls in spring. E 8-12"
 RASPOD (*Flindersia australis*). "Very decorative" street tree, white fls dense clusters. E WR H 8"
 CAMWOOD (*Baphia racemosa*). Small S. Afr. ornamental, large white fls marked purple. E H. 12"
 INDIAN HORSECHESTNUT (*Aesculus indica*). Handsome tree, very showy wh fls tinged red. D * W H 18-24"
 SHELLSEED (*Cochlospermum vitifolium*). Indian tree, gorgeous golden fls, blooms as shrub. D * 12"
 WHITE IXORA (*Ixora parviflora*). Sh or small tree, handsome foliage, small white fls. E 18"
 TIPU (*Tipuana tipu*). Algerian street tree with clusters yellow pea-like flowers. E H 12-15"
 LADY-OF-THE-NIGHT (*Brunfelsia americana*). Small W. Indian tree, frag white tubular fls. E SR 8-12"
 WRIGHTIA (*W. coccinea*). Large Madras tree of Periwinkle family, 2-inch dark crimson fls. E * 12"
 RED SILKOAK (*Grevillea banksi*). Australian small tree with brilliant red fls in winter. E H * 12"
 MEXICAN CORDIA (*C. dodecandra*). Excellent orange-fld ornamental, rivals the famed Geiger. D * 8"
 PELTOPHORUM (*P. inerme*). Outstanding Philippine shade tree, copious yellow fls all summer. E * 12"
 PELTOPHORUM (*P. dubium*). More erect type, excellent for street planting, pretty yellow fls. E 8"
 BARKLYA (*B. syringifolia*). Magnificent Aust. orange-fld tree. Likes protection. E * W H 6"
 SENEGAL CORAL (*Erythrina senegalensis*). Small red-fld Afr. tree, beautiful in spring. D 12"
 TABEBUIA 1076 (*T. sp.*). Pink-fld tree from southern Mexico. Very beautiful in Bloom. * 2-3"
 AFRICAN TULIP (*Spathodea campanulata*). Rhodesian tree, bright red tulip-like fls. E * T 18"
 WHITE TABEBUIA (*T. sp.*). Probably sport of *T. pallida*. Quantities of bright tubular fls. E * 12-15"
 PINK TABEBUIA (*T. leucoxylon*). Shy-fld West Indian tree. Blooms as small plant. E * 6-8"
 ROSE BAUHINIA (*B. triandra*). November blooming, dark rose-red fls, one of best. E * 18"
 RED TRUMPET (*Tabebuia haemantha*). Cuban species with bright red, tubular fls. E 6-8"
 DANIELLIA (*D. oliveri*). Big Afr. tree, copious clusters white scented fls. E WL 8"
 PINK TRUMPET (*Tabebuia pallida*). Cuban ornamental, lovely pink fls several months. E * WL 12"
 CROWN EUGENIA (*Eugenia coronata*). Small West Indian tree, small white fls. SR WR E 15-18"
 SCARLET HAMELIA (*H. erecta*). Small native Fla tree, many small pretty red fls. E 15-18"
 LOGWOOD (*Haematoxylon campechianum*). Small West Ind. tree, many small yellow fls. E WR 24"
 BYRSONIMA (*B. cotinifolia*). So. Amer. tree, pretty when covered with bright yellow fls. E 4"
 APOPLANESIA (*A. paniculata*). Mexican small tree of pea family, clustered white fls. E SR 18"
 MYRCIA (*M. atramentifera*). 40-ft. tree of Brazil, sm white fls in dense clusters. E 15-18"
 SHAVING BRUSH (*Pachira fastuosa*). So Amer tree to 40' brilliant red 6" fls. D WR 3-6"
 HOLARRHENA (*H. wulfsbergi*). Afr tree with dense clusters of tubular white frag fls. E 4"

TWO DOLLAR BARGAINS. Many magnificent trees. \$2 each—6 for \$11—12 for \$21

IVORY COAST MARKHAMIA (*M. lutea*). 30-ft tree with quantities of yellow fls marked purple. E 24"
 PINK CALLIANDRA (*C. surinamensis*). Powder-puff fls are white tipped bright pink. Pretty. E 18-24"
 GOLDENSHOWER SENNA (*Cassia fistula*). Famed Indian tree, copious yellow dropping fls July. D H. * 2"
 NOVEMBER SHOWER (*Cassia multijuga*). Similar to above but larger flower clusters in November. D * 2"
 BRAZIL SENNA (*Cassia gigante*). Yellow-fld tree from Rio. Has not yet flowered here. 1-3"
 KENYA SENNA (*Cassia gorotensis*). Small tree, "handsome yellow fls in November rains." D 12-15"
 PINK-AND-WHITE SHOWER (*Cassia javanica*). Exceedingly fine when blooming May. 12-15" \$1. 24-30" \$2 *H
 TREE GARDENIA (*G. globosa*). Small tree S. Afr with 1½" frag white fls lined yellow. E 8-12"
 TREE GARDENIA (*G. latifolia*). Indian small tree, large lvs, big white fls turning yellow. D 8-15"
 TREE GARDENIA (*G. thunbergi*). Bushy small tree, narrow foliage, single white frag fls. E 2"
 DECEMBER TREE (*Erythrina subumbrans*). Malayan tree, red-flowering at height rainy season. 15-30"
 COSTA RICAN CORAL (*Erythrina berteriana*). Red-fld Central Amer. tree, resists cold. Pretty. D 2"
 INDIAN CORAL (*Erythrina indica*). Large spreading shade tree, brilliant red fls in spring. D * 3"
 WHITE TULIP (*Dolichandrone crispata*). Pretty white-fld Indian tree, related to *Spathodea*. Rare. 12"
 MANGROVE TRUMPET (*Dolichandrone rheedi*). Malayan tree with 7-inch very frag wh nocturnal fls. E W
 ONCOBA (*O. spinosa*). Bushy Arabian thorny tree, 3-inch white fls in Spring like roses. D 15-18"
 EUCRYPHIA (*E. cordifolia*). Cold-resistant Chilean tree, rough lvs, pretty white fls. E H 12-15"
 LILY-OF-THE-VALLEY TREE (*Clethra arborea*). Cold-resistant fine small tree, white bell fls E H 15"
 FRANGIPANI (*Plumeria acutifolia*). Famed white-fld tree, frag fls used for leis in Hawaii. D 24-36"
 STINKWOOD (*Gustavia augusta*). So. Amer tree, magnolia-like lvs, 7" frag wh fls like lilies. E 8"
 CALOPHYLLUM (*C. inophyllum*). East Ind. slender, white-fld tree, very frag. W SR E * 2-3"
 CORNUTIA (*C. grandifolia*). Costa Rican bushy tree, copious bright blue fls. Blooms small. E 18-24"
 Balsa (*Ochroma limonensis*). Tender, light-wooded tree, large ivory-like white fls. SR E 8-30"
 EARLEAF ACACIA (*A. auriculiformis*). Medium sized parkway tree, small frag yellow spikes. E H 12"
 AFRICAN ACACIA (*A. caffra*). Small Afr tree, many yellow fls 4-inch spikes. Thorny. E H 10-15"
 MODEST ACACIA (*A. modesta*). Small So. Afr. species, bright yellow flower balls. E H 18-24"
 SILVER TRUMPET (*Tabebuia argentea*). Paraguay tree, silver-gray lvs, gorgeous yellow fls. E * 24"
 TABEBUIA 1048 (*T. sp.*). Pink-fld tree from Oaxaca, Mex. Probably fls January. E * 12-18"
 PRIMAVERA (*Tabebuia donnell-smithi*). Large Mex yellow-fld tree, one of finest. D * 15-18"
 LIGNUM VITAE (*Guaiacum officinale*). Beau. blue-fld tree, grows too slowly. 2-yr plants 4". E SR *
 CLUSIA (*C. rosea*). West Ind. shore tree, pink cup-shaped fls, spatulate lvs. E WR SR 8"
 WILLARDIA (*W. mexicana*). Sh or small tree, showy lilac fls in axil clusters. E 8-15"
 RASPBERRY JAM (*Randia formosa*). Small white-fld tree, yellow tasty fruits. E H 15-18"
 GUEST TREE (*Kleinhovia hospita*). Small tree bearing big clusters of pink fls. E 18"
